Proud to be part of America's table since 1932.

Expertise You Can Trust

From our start as a small local butcher shop in Kansas City, we've been providing the very best premier steaks and passionate service with a commitment to excellence that we stand behind every day.

Dedicated To Excellence

As expert craftsmen, we are obsessed with perfecting steak quality. Our elevated standards and exacting specifications enable us to craft the most tender and juicy, world-class premium steaks available anywhere.

YOUR EXPERIENCE MATTERS TO US

LET'S GET YOU STARTED

UNPACKING YOUR COOLER

Your items were shipped with either dry ice or gel packs to help keep them at the optimal temperature. All products will arrive cold to the touch and may be partially frozen.

Items can be placed in the refrigerator for immediate use or frozen to enjoy later. See enclosed Important Information card for additional information.

Freeze Fast, Thaw Slow.

Kansas City Steak Company has perfected the unique process of freezing steaks at their peak. We recommend thawing slowly to maintain that quality. For maximum flavor and tenderness, thaw all steaks and roasts under refrigeration. Steaks and other frozen meats are best prepared within 24-48 hours of thawing.

STORAGE GUIDE	Refrigerator (35°F to 40°F)	Freezer (0°F or Colder)
Steaks, Roasts, Tips/Medallions	3-5 Days	6 Months (for maximum flavor) to 12 Months
Steakburgers	1 to 2 Days	3 to 4 Months

DEFROSTING GUIDE	Refrigerator (35°F to 40°F)
Steaks, Burgers, Tips/Medallions	At Least 24 Hours
Roasts	Up to 3 Days Depending on Size

*We recommend placing all items on a plate to thaw.
Thawing at room temperature or in the microwave is not recommended.*

Please visit [KansasCitySteaks.com](https://www.kansascitysteaks.com) or check individual product packaging for storage and thawing instructions. If items feel warm to the touch upon arrival, please contact Customer Service at 800 524 1844.

Tips For a Perfect Holiday Roast

There's nothing better than a perfectly prepared roast as the centerpiece of a holiday meal.

Season properly. Rub the roast with spices and hearty fresh herbs prior to cooking for a flavorful result.

Cook for proper doneness. Use a thermometer to track temperature throughout the cooking process.

Don't forget to rest. Remove 10°F below desired doneness. Let the roast rest for 15 to 20 minutes before slicing so the juices redistribute. This will lead to a juicier eating experience.
