T-BONE & PORTERHOUSE

Steak lovers frequently ask about the differences between these two popular cuts. Truth be told, there are more similarities. Both come from the same (tastiest) section of beef, the short loin. Both have T-shaped bones. The T-Bone features two cuts in one—a Kansas City Strip Steak and a Filet Mignon—separated by the signature T-shaped bone. Cut from a larger section of the loin, the Porterhouse has a larger tenderloin filet.
